After Sol seemed to have settled in his new life as a pet, Amon, his owner, decides to train him in more "advanced" ways.

"Like this, Master?"

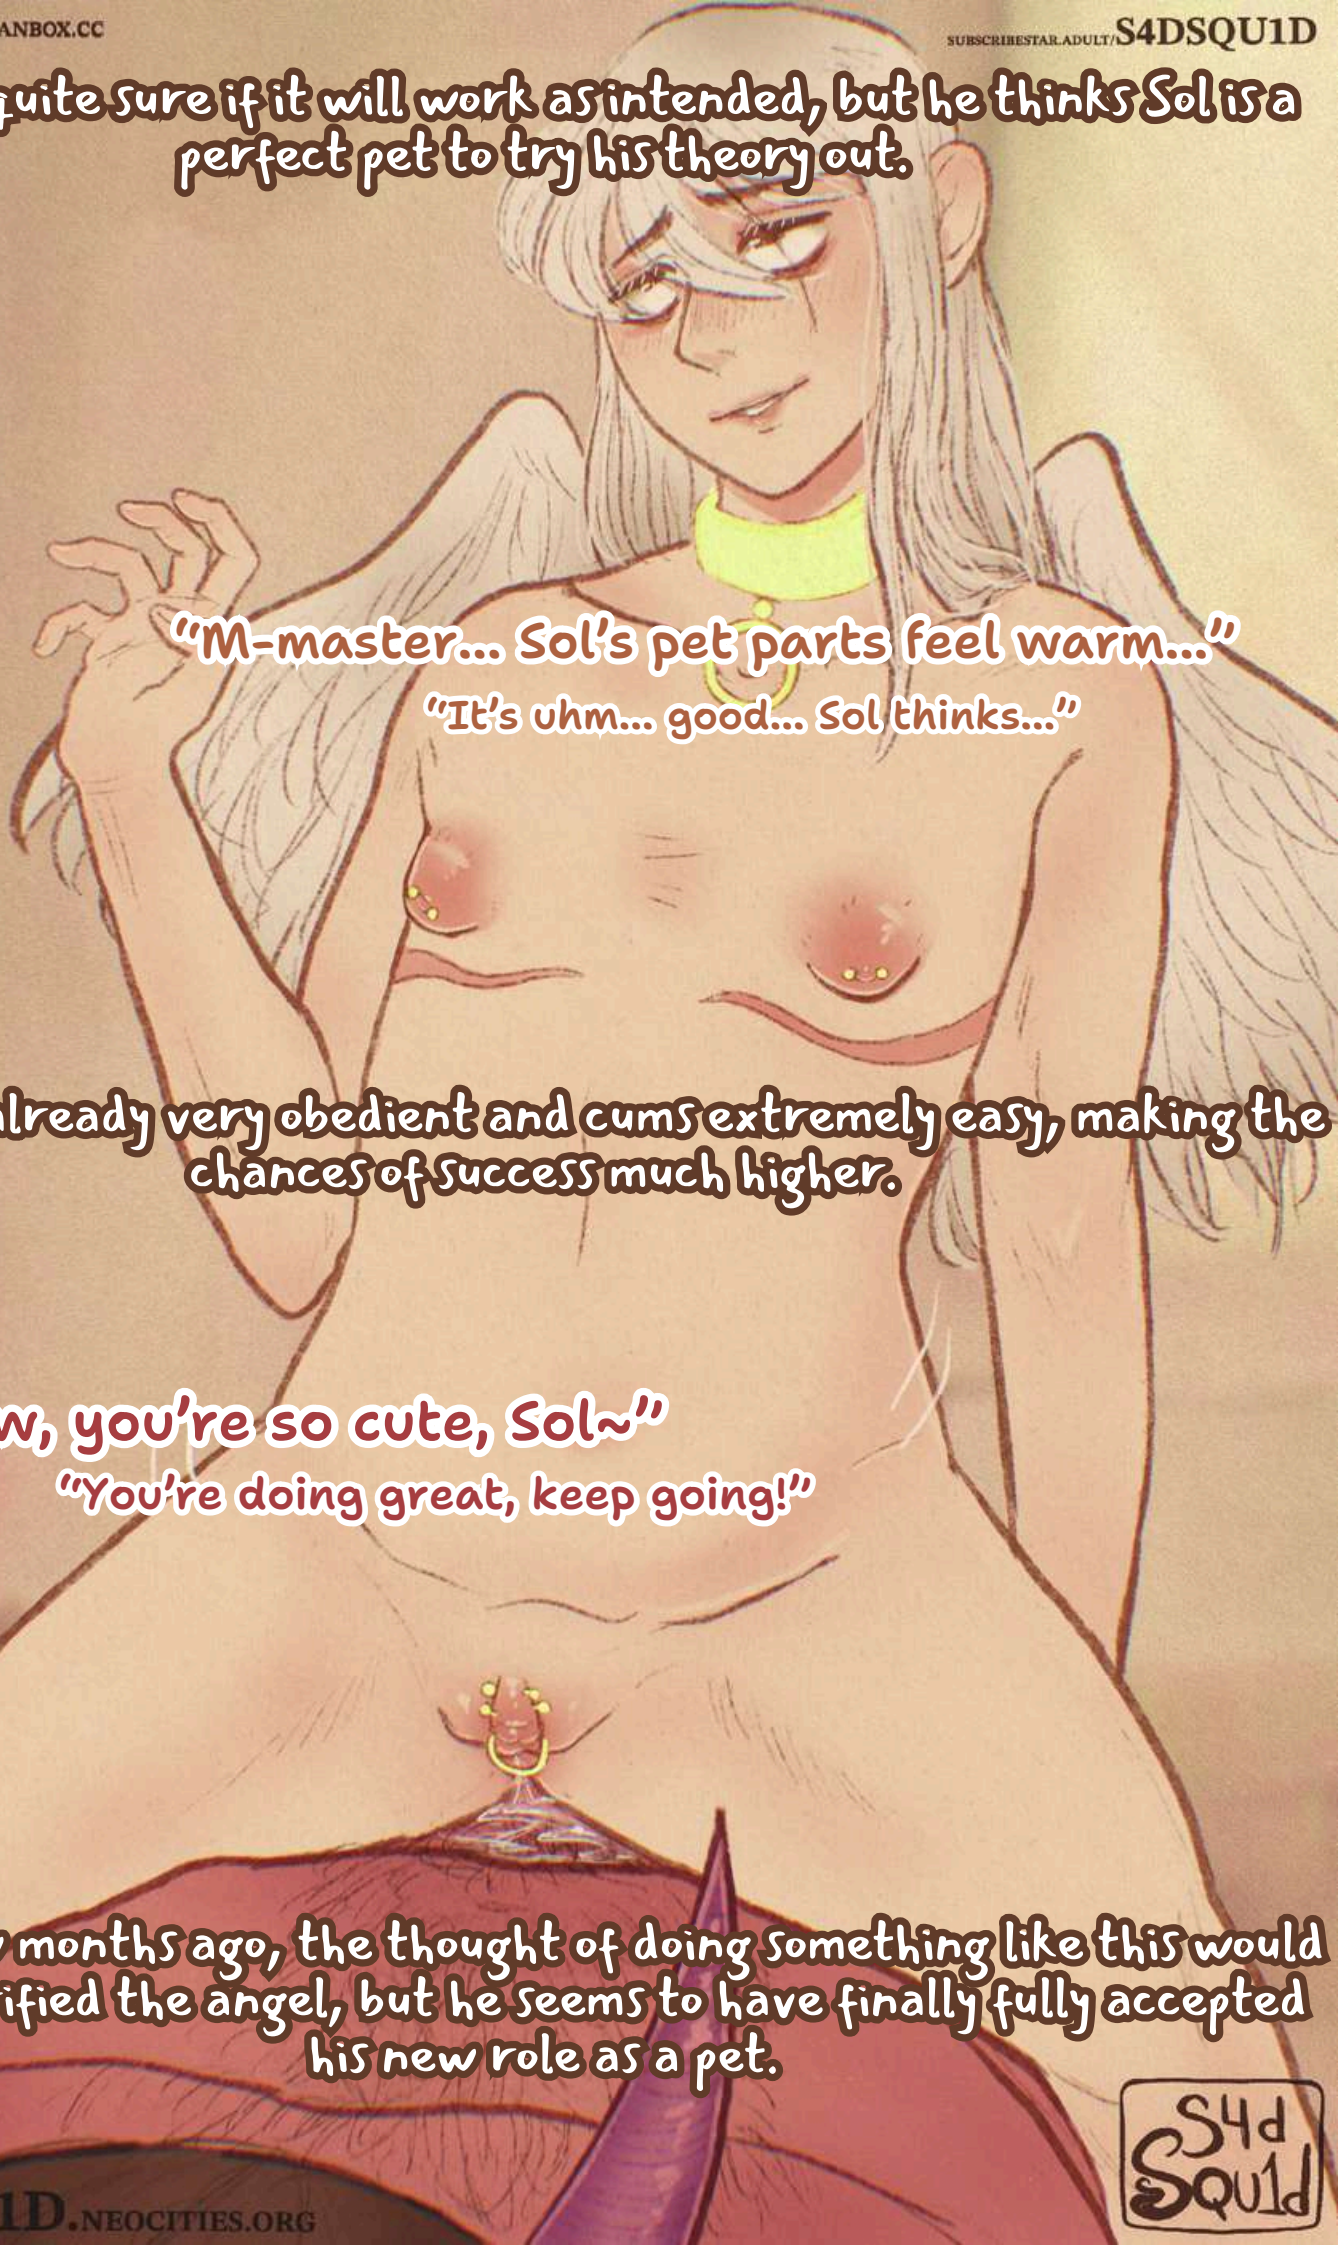

"Yes, keep grinding against me, don't stop until I say so, ok?"

"And make sure you tell me what you're feeling!"

"Y-yes, Master! Sol will do it!"

By the end of it, he hopes to have a more precise control of his pet's orgasms.

He isn't quite sure if it will work as intended, but he thinks Sol is a perfect pet to try his theory out.

"M-master... Sol's pet parts feel warm..."

"It's uhm... good... Sol thinks..."

His pet is already very obedient and cums extremely easy, making the chances of success much higher.

"Aww, you're so cute, Sol~"

"You're doing great, keep going!"

Just a few months ago, the thought of doing something like this would have horrified the angel, but he seems to have finally fully accepted his new role as a pet.

Even though he tries his best, he still makes some mistakes sometimes, but that's to be expected of a newer pet.

"Ah, Master's cock is..."

"Should Sol...?"

"Did I tell you to stop, pet?"

"Just keep grinding like I told you to."

"No, Master didn't... Sorry, Master!!"

"Sol will keep rubbing himself on Him, as Master said to!!"

"Aren't you forgetting something else, Sol?"

"Ah, right...!"

"It... it feels good! Sol feels good!"

"Master's spikes feels good on Sol's clit...!"

After just a few minutes of this, the pet's mind is already clouded with pleasure.

"Sol can feel Master's cock twitching!!"

"Does... Does Sol's cunt feel good on Master's cock?"

This type of thing is in their nature, after all. It's said that training is really just a way to bring it out what years of being made to pretend to be a real person had buried.

"Yes, it does."

"Keep, going, you're being very good, Sol~"

"Hehe... Thank you, Master!!"

"Ah, Master...!! Sol's pet parts feel so good!!"

"Sol is happy to be Master's pet~"

As soon as Amon realizes his pet is cumming, he presses the button on his clicker. This will be a very important part of Sol's training.

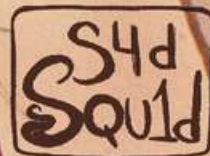

"Ah... Sol is..."

"Sol thinks he is...!"

"Ah...!"

"Cumming already? How cute~"

"click"

"Eeh? What was that noise, Master?"

"Nothing that concerns you now, keep going."

"Doesn't Master want Sol to--"

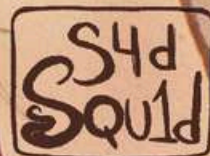

"Your job is to obey, not question me."

"If I wanted anything else I would have ordered you."

"O-of course, Master!"

"Sol is sorry!! Sol is very sorry!!"

The pet has a hard time every time Amon changes their usual routine, so he tries to be patient when introducing new training methods. You can't expect a pet to grasp new things as easily as people, that would be unreasonable.

Sol tries his best to follow his Master's orders and keep going, but with how overly sensitive his cunt has become right after climaxing, it proves to be a very difficult task.

"This feels weird, Master...!"

"Sol's pet parts feel... weird!!"

"Too sensitive, you mean?"

"Yes, Master is right...!!"

"Sol thinks..."

"The spikes kinda hurt Sol now..."

"S-sorry, M-master!!!"

"Sorry for not feeling good anymore!!"

"Don't worry pet, it's ok!"

"It's supposed to be a bit... unpleasant at first. I won't be mad at that!"

"As long as you don't stop grinding, of course."

After a bit more time passes, the pet finally gets used to the new sensations and starts to feel pleasure again, as expected.

"Ah...!"

"Master was right!!"

"Sol's cunt stopped feeling weird and... and... sensitive..."

"Master's cock feels good on Sol's pet parts again...!"

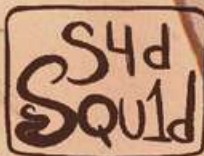

"See, I told you~!"
"It's even better than before now, isn't it?"

"Yes!!"

"Oh, no... Sol means..."

"Yes, Master!!"

"T-thank you, Master!!"

A few moments later and the angel is cumming again, even more intensely this time.

"Mas...ter?"

"Sol is..."

"Sol is..."

"Sol is...!!"

"Ah...!"

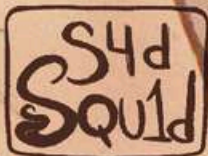

"Sol is cumming again, Master!!"

As soon as he hears that, Amon clicks again.

"Good boy~!"

"It's gonna hurt even more this time, but make sure you keep going, pet!"

"click"

He tries to keep Sol grinding against his cock for a bit longer, but he himself can't take the teasing anymore.

"You can stop moving now, pet."

"Yes, Master!"

The pet stops immediately, relief shown clearly across his face.

"I'm not done with you yet, though."

"Sit on my cock and fuck yourself now~"

"You're used to it by now, I hope."

Sol smiles a bit. He has grown to like having his Master's cock inside of him. At these times, his mind goes completely blank and he doesn't need to—no, can't think of anything at all.

"Yes, of course, Master!!"

"It's Sol's favorite thing!"

"Awwn, you're just too cute, Sol!"

He used to be very scared of being fucked when he still lived as a person and, even after becoming a pet, he still felt a lot of pain the first few times. Especially the knotting.

"Ahh..!"

"Sol feels so full!!!"

"Sol can feel Master's cock twitching..!"

"Is Master feeling good too??"

But that was when he still fought against his real nature as a pet. Once he finally realized his very body had been made to take demon cock and nothing else, the pain became smaller and smaller each time, until it was completely gone.

"...Yeah...!!!"

"...goodness, you're so warm..."

//Aw fuck, I need to hold on a little longer!!//

"You can... start moving now, pet!!"

"Slowly!!"

"Yes, Master!"

When a demon fucks a pet, their cocks pierce their cervix and completely fill their wombs. This is due to their natural size difference. A normal angel would never be able to withstand something like that, but a pet is not a normal angel.

A pet looks like just another angel on the outside, but inside, they are soulless. Or "Hollow", as they're sometimes called.

"Aaaah, Sol really, really loves Master's cock!!~~"

"Making Master's cock feel good makes Sol so happy!!"

"Hey, wait!!"
"What are you-?"

"Sol is massaging Master's cock with Sol's cunt!!"

"Just like Master taught him to!"

It may take a while for them to accept their roles, but with good training, they all come around eventually.

Thankfully, Amon is a very good trainer. Well, most of the time.

"Ah, right..."

//I should really tell him to stop but it feels so damn good...//

"Is Sol doing it wrong, Master?"

"Does Master want Sol to stop?"

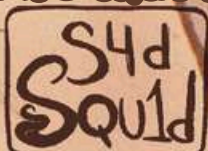

"No, no, no!!"

"Absolutely not!!"

"I was just caught off guard, I..."

"...I forgot how good you were at it...!!"

He's much better at training Public Relief Pets (mostly because that's his job), than his own Personal Pet, to be honest.

He takes a deep breath and tries to focus on his goal for Sol.

//Get it together Amon, you're supposed to be training him, not just having fun!//

"Actually, I changed my mind."
"Sol, stay still."

"Uhm... inside too, Master?"

"Is Sol doing anything wrong?"

"Yes, inside as well, pet."

"No, no, you're good, perfect even!"

"I just want to focus on training today, that's all!"

"Oh!"

"Sol understands, Master."

The poor pet tries his best to be his usual, obedient self, but after being so overstimulated, the vibrator placed directly on his clit proves to be too much for him to handle gracefully.

"Ehh...?"

"Master...?"

"N-no!!!"

"Sol is too..."

"Too sensitive!!!"

"It's too much!"

"It's too much!"

"Shhh, be a good pet and endure it!"

"Sorry, Master!!"

"Sol, will..."

"Sol, will try his best...!!"

"Even if it hurts..."

"...even if it hurts!!!"

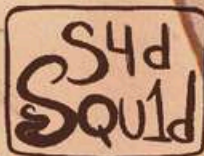

"It hurts so much!!"

"Sorry, Master!!"

"Sol's clit is hurting too much...!!"

"Sol is sorry!!"

"So so so sorry!!!!"

Amon holds the the wand tightly against the pet's sensitive little nub, making circling motions in random intervals.

"What are you even apologizing for?"

"You're doing exactly as I said..."

"Did your brain break or something?"

"Sol can't..."

"Can't stop his pet parts from twitching..."

"...Master said to stop but Sol can't!!"

"Sol's cunt is moving on it's own!!"

"Master is right..."

"Maybe... broken already..."

"Sol's... cunt... might break..."

"I actually asked if you brain was- Wait..."

"You're saying your brain and your cunt are the same thing?"

The world around Sol disappears, all he can focus on is the intense, painful throbbing of his clit.

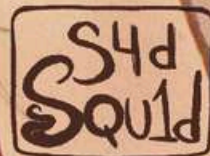

"Sol doesn't know..."

"Sol is just a pet... just a pet... he doesn't know anything..."

"Well, you're a pet, you don't need to use your head..."

"...Just your cute litle cunt~"

"Don't worry, I'm not gonna break your most important part."

The pain never really goes away for the angel, but he ends up cumming through it anyway. It's the first time he has a painful orgasm.

"Ah... Master..."

"It hurts!"

"Hurts so much!!"

"But Sol is cumming...!!"

"It's too much...!!"

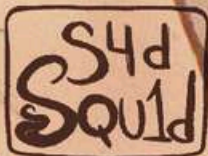

"Sol is cumming again...!!"

The twitching inside Sol's cunt gets even stronger, making it hard for the demon to focus for a moment, but Amon manages to press the button on the clicker again, still not letting go of the vibrator on the pet's clit.

"...good."

"Just... keep still..."

"click"

The more time passes, the more Amon finds it harder and harder to speak, or even think.

"Master... will not stop?"

"It's gonna hurt..."

"Much, much more!"

"Don't move though!!"

"I'll punish you if you move...!!"

"But... this is...?"

"Isn't ...Sol being punished already?"

"It's... it's..."

"It's... too much!"

"...too much!!!"

"Please... Master...!!"

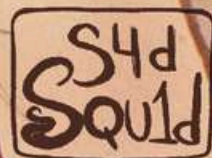

Every time Amon speaks, he needs to take a breath. His cock keeps shuddering inside Sol, overstimulating the pet ever more.

"You're being trained... not punished..."

"If you keep complaining..."

"...it will be worse."

"...last warning..."

Amon thinks his pet might be close to cumming, so he clicks again.

"Sol is very sor-!!"

"Ah!!"

"Sol is cumming again!!"

Sol's cunt spasms and he cums almost immediately.

"Cumming hurts, Master!!"

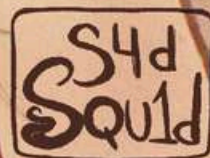

"But Sol will try his best to endure, Master!!"

It could have been a coincidence, but it could also mean the training was working as intended.

"Sol will be a good pet!!"

"Sol promises!!"

"click"

Amon can barely hold himself together, his pet feels too good and is looking way too adorable. He gives up on trying to speak for the time being.

"...this is horrible, Master..."

"Ahh..."

"Sol's cunt..."

"...it won't stop twitching..."

"It won't stop aching..."

"Master's cock too...!"

"Sol can feel it... moving around... twitching inside of Sol...!!

"Gh...!!"

"It's too warm..."

"It's good... but too much..."

"...makes... no sense..."

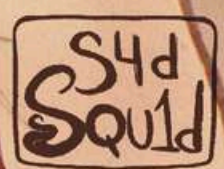

"Sol can take it... Don't worry..."

"...as much..."

"...as Master wants..."

"If Master wants to break Sol's cunt... Sol will..."

"Sol will endure... don't worry... Master.."

At this point, the demon's belly is covered in Sol's slick, both from all his squirting and just from his arousal.

"Will Master really..."

"...really break Sol's pussy?"

"I-it's ok..."

"If that will make Master happy..."

"...Sol will be happy with a broken pussy...!!!"

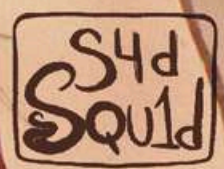

"Sol... shut up!"

"I need to... focus..."

"Yes... M-master..."

They're both struggling. Amon in trying not to cum and to not miss his pet's orgasm cues and Sol by just doing his best to endure his training in silence.

Training a pet sure can be hard at times.

A few moments later, Amon cannot hold it in anymore and he cums inside his pet. He at least remembers to press the button again.

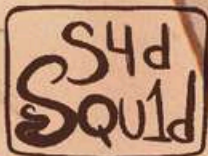

"Ah..."

"Ngh..."

As if on cue, Sol cums too, breaking his stilted silence and screaming.

The demon, almost reflexively, presses the wand further down into Sol's clit.

"click"

A demon's orgasm usually takes from 5 to 15 minutes to be complete and the swelling of their knots to go down.

Angel's orgasms are typically much shorter, usually lasting no more than 30 seconds, but, due to the excessive over stimulation, Sol ends up cumming for way longer.

His head feels like it was filled with cotton, he can see nothing but pure white, he can't even breathe. Even though it hurts, he has never felt so good in his entire life.

This makes the pet's cunt twitch in a very intense way, constantly massaging Amon's cock throughout the whole thing. He had never thought a pet could feel this good!

By the time Amon's done, a Sol's womb is so full of cum that you can see the volume on his belly.

The warmth of it spreads through the angel's groin, making all the previous pain go away. He is now stuck empty-headed in a completely blissful state.

Even after that long orgasm is done, Sol keeps on having a bunch of smaller, almost spasm-like orgasms, his cunt hugging his Master's cock tightly each time.

To Amon's amusement, he rubs himself against the wand now, no longer bothered by all the stimuli and instead seeking it out.

Finally, Amon drifts back from his own lightheaded euphoria and tries to focus on his pet's training once again.

"You're being such a good little pet, Sol~"

"I knew I made the right choice when I picked you at the Pet Market!"

Sol smiles a silly, almost stupid looking smile.

"Ah! You can speak now, if you want."

"Sometimes I forget how obedient you can be..."

"Thank you, Master..."

"Sol's broken cunt feels really, really good..."

"Sol is happy that Master broke it..."

"Aw pet, you have it backwards!"

"Your pet parts were broken because you spent so much time thinking you were a person!"

"What I'm doing is fixing it, little thing~"

"We're just starting! You'll have a proper pet cunt soon enough!"

"A proper... pet cunt?"

"Of course!"

"Your brain will slowly melt away and all your thinking will happen down there~"

"People need brains, but pets like you only need sensitive, obedient pet parts!"

"Of course, Master!"

"Sol can't wait to be nothing more but his cunt!!"

"You're already halfway there! Wanna see?"

Although he couldn't be sure if this would work again so soon, Amon presses the button on his clicker one last time. Sol's pussy twitches and he cums yet again.

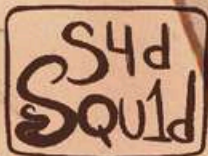

"Ah... M-master??"

"Sol is..."

"Sol is cumming...??"

"But Sol...wasn't close... how...?"

"click"

Amon smiles, glad that the first step of his pet's training has worked.

"I told you already, pet."

"I'm going to give a proper, obedient little cunt."

"Once I'm done with your training, you will cum on command, any time I tell you to~"

"...any time??"

"Can Sol really learn to do that?"

"For now I still need to prepare you and stimulate you enough for it to happen, but soon enough all you'll need to cum will be my command~"

"I'll also make it so you're physically unable to cum without my permission, even without the help of your collar, but that will come later..."

"Uhm... Can Sol ask a question, Master?"

"Sure, pet, what is it?"

"If a pet's brain is his cunt..."

"And if Master will be able to completely control Sol's cunt..."

"...does that mean that..."

"...Master will be in control of Sol's brain?"

"Would you like that, Sol?"

"Yes, Master!!"

"Sol is happiest when he doesn't need to think!!"

"Even if the thinking is done with his pussy, Sol is much happier if Master is the one in charge!"

"That's great, then!"

"Soon enough, the brain in your head will be completely useless and the one in your cunt will only ever obey me~"

Amon decides he can give his pet (and himself) a break for the rest of the day.

Some months have passed and Sol's training seems to be almost done!

"Welcome home, Master!"

"Should Sol follow his usual orders?"

"Yes, pet, of course~"

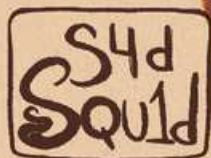

"I'm so proud of how good of a pet you have become..."

"It's all thanks to you, Master!"

Using his mouth to service his Master once he returns home started as part of Sol's training but ended up becoming part of his usual routine.

"Well then, you can go ahead."

"Hehe, Master is already this happy??"
"Just from seeing Sol??"

Amon may or may not have accidentally conditioned himself to get hard every time he opens the door... It doesn't really matter though, his pet is always there to take care of it for him!

"That's just because you're so cute!"
"I can't help myself~"

After all this time, he is still amazed at how soft Sol's tongue is when it touches the tip of his cock. It always makes him shudder a bit.

"But Sol can!!"
"Sol can help Master, Sol means..."

An angel's mouth is too small to fit a demon's cock. In Sol's case, he's so tiny compared to his owner that he can't even fit the cock's head inside.

"Did you do what I told you to while I was away, Sol?"

Some pet owners fix this by breaking their jaws or cutting their mouths wider, but most of them don't feel the need to go that far.

"Of course, Master!"

"Sol never forgets Master's commands!"

Amon, for example, just decided to teach Sol how to properly suck on the head spike and lick the length of his cock effectively.

The "task" was part of the last stages of Sol's training, where Amon would make sure he became unable to cum without his command.

"So...?"

"How did it go?"

"Sol played with his cunt a lot!!"

"Sol tried really, really hard, just like Master asked but..."

"Even with his toys, Sol could not cum at all..."

He had finally managed a whole week without being able to cum! The whole training ordeal might finally be coming to an end!

"Perfect!"

"Let's hope you are never able to succeed at that again!"

"Yes, Master!"

Technically, a demon may use their pet's collar to completely turn off their ability to cum, but Amon had really wanted to make sure he had completely control over his pet's body, even without the collar functions.

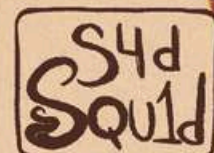

"Focus on your current task, now will you?"

"Hmm...!!"

"Yesh, Mashter!!"

For what reason? Maybe to prove something to himself, maybe to others. Or maybe it just made him horny.

Pets exist to please their owners anyway.

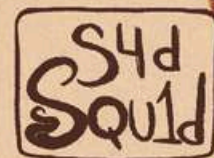

"Aww, you're rolling your eyes!"

"How cute~"

"Does sucking my cock make your pet parts feel that good?"

Sol nods enthusiastically. After his training, just seeing Amon's cock throbbing made his cunt become dripping wet. When he feels it pulsing on his mouth it makes his own pussy ache with pleasure, no touching needed.

Amon is usually so pent up after work it doesn't take long for him to cum.

It comes out so fast Sol is unable to swallow quick enough. Warm, thick cum comes out of his nose, making his eyes water, and dripping down back onto Amon's cock.

And still, he keeps smiling, his own pleasure coming from seeing his Master's. He truly has become a perfect little pet!

After a while, Amon starts feeling overstimulated by Sol's tongue.

"Ah...pet..."

"Open your mouth!"

"You can... let go..."

"Yes,
Masteeeeer!"

He lets the last few spurts of his orgasm fall on his pet's face and chest.

Sol's pussy is throbbing wildly, warmth spreading all over it, he feels like he's on the edge of cumming, but, as expected, he is unable to reach his own orgasm on his own.

That is, until Amon clicks his button and commands him to, of course.

"You can cum now, Sol~"

He can't even respond. Immediately, Sol's whole body shivers, his cunt contracts around nothing and, finally, he cums, slick dripping through his thighs and onto the floor, forming a puddle beneath him.

"elick"

After Amon is done, Sol's face, chest and hair are drenched in his Master's cum.

"Thank you for letting Sol pleasure, You, Master!"

"And for letting Sol cum as well!!"

"That's just because you're doing your job well!"

"...and because you just look adorable when you cum..."

"Anyway..."

"Swallow what's still on your tongue and follow me."

"I need to give you a bath."

"Yes, Master!"

"Sol loves bathing with Master!!"

Some time passes and, eventually, Amon reaches his goal.

His pet had become completely obedient, just like he wanted.

Sol would reach orgasm at his command every single time, even with zero stimuli. The clicker itself is no longer needed, just his Master's voice is enough.

On the other hand, the angel is now completely unable to cum without express permission. Without Amon's command, he will remain on the very edge and never get past that.

His mind and body have been completely re-wired to do nothing but obey and please his Master. He won't be able to disobey even if he wants to. As a proper pet, however, Sol would never dream of wanting to disobey his beloved Master.

As the pet himself said, he is happiest when he doesn't have to think, and he will never again would need to do that again. Or be able to. His body and mind have been reshaped to his Master's will down to the bone. Not that it matters, Sol was born for that purpose. All Amon truly did was bring out the angel's true, subservient nature.

After all, everyone knows that no matter how hard you try, something like this would never work on a regular angel, just on ones born soulless and destined to be a pet!!!!

THANK YOU FOR READING!

Author's note:

It's been a while since I've written a full set for canon Inferna!

I missed writing pet Sol dialogue ζ--ζ

And giving Amon backhanded compliments as the narrator.

And leaving obvious hints that the system is fucked along the text, lol.

Anyway, I don't have much else to say, I hope you liked it!
